Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 45 is rejected under 35 U.S.C. § 102(b) as being anticipated by Christensen *et al.* (EP 169410 A1, 1986). The patent discloses the compound shown below, which fits the limitations of formula IV: R¹² is a substituted alkyl; A is an organic anion.

Art Unit: 1626

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Christensen *et al.* (EP 168707 A1, 1986) discloses similar compounds to that shown above.
